## Abstracts

While flexible packaging remained the most popular packaging format for overall baby food in 2022, driven by prepared baby food, board tubs displayed an increase in pack type share within the category for several reasons. Firstly, as board tubs are made from materials that are considered food-safe, many parents and caregivers prefer them. Secondly, the fact that this pack type is microwave-safe, resealable and freezer-safe makes it easy for parents to easily heat and store baby food without the...

Euromonitor International's Baby Food Packaging in Romania report offers insight into key trends and developments driving packaging across the category.
