Abstracts

The bath and shower category is characterised by substantial saturation, which is a determining factor for category development, and competition is fierce. In addition, product differentiation in both mass and larger premium product categories is relatively low, with consumer interest in experimentation low and most often only fleeting.

Euromonitor International's Bath and Shower in Sweden report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2015-2019, allowing you to identify the sectors driving growth. Forecasts to 2024 illustrate how the market is set to change.
