## Abstracts

The beauty and personal care industry made steady gains in 2016 driven by the premium segment and active categories, notably colour cosmetics in North America. Forecasts point to Asia Pacific as the growth stimulus as more consumers embark on a beauty routine. Elsewhere globally, higher per capita spending will encourage trading up. Coupled with key drivers including healthier and greener living, and the pursuit of personalised solutions, premiumisation will power the industry across all levels.

Euromonitor International's Beauty and Personal Care Global Industry Overview global briefing offers an insight into the size and shape of the Beauty and Personal Care market and highlights buzz topics, emerging geographies, categories and trends as well as pressing industry issues and white spaces.
