## Abstracts

The comparatively long lockdown Ireland experienced relative to its island neighbour, had a noticeable impact on the recovery of beauty and personal care in 2021. With continued social restrictions and remote working orders in place for much of the year, there was disparate growth among different categories. Overall however, sales improved in both retail volume and current value terms. It was notable that the best performers were those that had experienced the greatest declines in 2020, therefor...

Euromonitor International's Beauty and Personal Care in Ireland report offers a comprehensive guide to the size and shape of the market at a national level.
