Abstracts

Retail value sales of beauty and personal care products recorded solid growth in 2023. This increase was largely driven by inflationary pressures, however, as volume sales saw a decline. According to Stats NZ, the cost of living for an average household in New Zealand saw an increase of 7% over the 12 months up to September 2023. The increase to interest payments and grocery food prices were the primary drivers to rising living costs and has led to the erosion of disposable incomes. This led to...

Euromonitor International's Beauty and Personal Care in New Zealand report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2019-2023, allowing you to identify the sectors driving growth. Forecasts to 2028 illustrate how the market is set to change.
