Abstracts

Bemis is set to undergo restructuring at the start of the forecast period, with the company beginning a review of its US manufacturing and administrative operations in April 2017. The company is seeking to adjust its operations to changes in US demand and to support its long-term success. In July, the company announced that it will close two production facilities and reduce its employee numbers by 300 in order to save USD60 million on an annual basis. It is not yet clear which sites will be...
