Abstracts

Due to its communist legacy, Berlin traditionally has been a laggard among German cities. Nonetheless, thanks to decades of federal investment projects, rising tourism and growing interest in its real estate, Berlin is finally taking its grip and catching up with the Western German standards of living. Having nearly five million people in its metropolitan area and counting US\$95 billion in consumer spending in 2012, Berlin is Germany's largest consumer market.

Euromonitor's City Review report

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.

Why buy this report?
