Abstracts

Better for you (BFY) beverages experienced current value growth in both 2020 and 2021, as consumers became increasingly concerned about their health. These concerns came from both raised awareness about health in general, as Australian consumers faced their own mortality during the COVID-19 pandemic, as well as the fact that consumer lifestyles became more sedentary, with fewer opportunities for burning off calories. The switch in distribution channels was an additional factor behind growth, as...

Euromonitor International's Better For You Beverages in Australia report tracks the developments of health-associated product types and the healthy-option positioning of competing brands across different food sectors. It provides the latest retail sales data 2017-2021, allowing you to compare health and wellness categories with each other or in the context of the total market for a sector. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market- be they new product developments, legislative context or lifestyle influences. Forecasts to 2026 illustrate how the market is set to change.
