Abstracts

After already seeing a strong increase in 2020, BFY reduced sugar instant coffee has continued to see dynamic growth in 2021, as consumers have still spent most of their time working from home. As COVID-19 restrictions meant that consumers continued to work from home and instant coffee is seen as a regular caffeine fix, this has resulted in continuous strong growth for the category. Furthermore, with increasing health-consciousness leading to consumer demand to reduce sugar intake, new product v...

Euromonitor International's Better For You Beverages in Singapore report tracks the developments of health-associated product types and the healthy-option positioning of competing brands across different food sectors. It provides the latest retail sales data 2017-2021, allowing you to compare health and wellness categories with each other or in the context of the total market for a sector. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market- be they new product developments, legislative context or lifestyle influences. Forecasts to 2026 illustrate how the market is set to change.
