## Abstracts

While expectations set in during early-2021 that the COVID-19 pandemic would be soon behind us, the impact of the pandemic lingered for much of 2021, as new waves of cases hit in March and April and also in July and August of the year. This resulted in changing public health requirements and restrictions and also shifting levels of stress facing Canadian consumers.

Euromonitor International's Better For You Packaged Food in Canada report tracks the developments of health-associated product types and the healthy-option positioning of competing brands across different food sectors. It provides the latest retail sales data 2017-2021, allowing you to compare health and wellness categories with each other or in the context of the total market for a sector. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market- be they new product developments, legislative context or lifestyle influences. Forecasts to 2026 illustrate how the market is set to change.
