## Abstracts

Better for packaged food was unaffected by COVID-19, with retail current value growth only slightly lower than in 2019. However, BFY reduced salt food performed strongest, registering double-digit value growth, whereas BFY reduced fat packaged food and BFY reduced sugar packaged food registered single-digit value growth. However, BFY reduced fat packaged food is by far the largest product area. With people spending significant amounts at home in 2020, sales of better for you packaged food such a...

Euromonitor International's Better For You Packaged Food in Colombia report tracks the developments of health-associated product types and the healthy-option positioning of competing brands across different food sectors.
