Abstracts

Foodservice closures due to strict lockdown restrictions have helped boost home consumption of better for you ice cream as consumers increasingly look for indulgent purchase options that are healthier. Consumer attitudes towards health and wellness for indulgent items like ice cream has seen a substantial shift as fat is increasingly viewed as a rather neutral attribute. This changing perception of consumers regarding healthier options has increased the popularity of products with lower sugar co...

Euromonitor International's Better For You Packaged Food in New Zealand report tracks the developments of health-associated product types and the healthy-option positioning of competing brands across different food sectors. It provides the latest retail sales data 2016-2020, allowing you to compare health and wellness categories with each other or in the context of the total market for a sector.
