Abstracts

With COVID-19 escalating consumers' health and awareness, they have been actively looking for products with a health-centric positioning and are willing to pay a premium for these products. BFY packaged food, including reduced sugar, reduced salt and reduced fat products, is considered to be beneficial for one's health, and could reduce the risks of obesity, diabetes and cardiovascular diseases. These products are usually marketed at a slightly more premium price point compared with their regula...

Euromonitor International's Better For You Packaged Food in Singapore report tracks the developments of health-associated product types and the healthy-option positioning of competing brands across different food sectors.
