## Abstracts

Regional variations in beverage demand and market performance can be quite considerable and this has significant implications for ingredients supply. This report provides an overview of the market for beverage ingredients, with particular reference to the differing needs of different regions around the world, examining key trends and developments in each of the seven major continental areas and highlighting the best opportunities for future growth.

Euromonitor International's Beverage Ingredients: Regional Insights global briefing offers a comprehensive guide to the Ingredients market at an international level. It highlights the major drivers behind ingredient supply and demand, provides detailed analysis of the individual ingredient categories and the product categories they are used in. It also examines regional prospects, highlighting opportunities and challenges in ingredient usage.
