## Abstracts

Biscuits and snack bars volume sales increased by 2% in 2015, the lowest level of growth of any year of the review period. Worsening economic conditions resulted in decreasing real disposable incomes amongst Russian consumers. As neither biscuits nor snack bars are treated as essential products, Russians were not eager to overspend on these items. However, a positive development was the convenience trend, widespread availability and widening product assortments.

Euromonitor International's Biscuits and Snack Bars in Russia report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2010-2014, allowing you to identify the sectors driving growth. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market - be they new product developments, distribution or pricing issues. Forecasts to 2019 illustrate how the market is set to change.

**Product coverage:** Biscuits, Snack Bars.

**Data coverage:** market sizes (historic and forecasts), company shares, brand shares and distribution data.

### Why buy this report?

Get a detailed picture of the Biscuits and Snack Bars market;

Pinpoint growth sectors and identify factors driving change;

Understand the competitive environment, the market's major players and leading brands;
