Abstracts

Hungarians traditionally pay close attention to foreign exchange rates when planning trips abroad, particularly summer holidays, as fluctuations can cause travel expenses to increase significantly in a short period of time. This was the case throughout 2022 and has remained so in 2023, with the cost of flights, accommodation and other services and activities for outbound travellers rising sharply as the value of the forint has continued to plummet against the euro and the US dollar. The impact o...

Euromonitor International's Booking in Hungary report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest market size data 2018-2022, allowing you to identify the sectors driving growth.
