## Abstracts

On the back of a competitive pricing structure, the facility to cross-compare, and a seamless customer journey, travel bookings via online channels have gained further momentum, which is set to take the penetration of online travel bookings to 47% in 2023. With Indian consumers seeking better value from their travel spending, their perception of finding the best prices online has enhanced the appeal of online travel booking platforms. Through payment-related discounts and exclusive card-related...

Euromonitor International's Booking in India report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest market size data 2018-2022, allowing you to identify the sectors driving growth. It identifies the leading companies and offers strategic analysis of key factors influencing the market - be they new legislative, technology or pricing issues. Background information on disposable income, annual leave and holiday taking habits is also included. Forecasts to 2027 illustrate how the market is set to change.
