Abstracts

Off-trade volume sales of bottled water experienced a decline in 2023 compared to 2022, primarily due to less favourable weather conditions. Additionally, an increasing number of consumers opting to purchase bottled water in France contributes to the negative performance of the category. The enduring price gap for groceries, particularly bottled water, between Belgium and France has been a long-standing issue, exacerbated by the high inflation in Belgium. In 2023, the price of bottled water in B...
