Abstracts

The pandemic in 2020 positively impacted off-trade volume sales of bottled water in Western Europe. Stockpiling during the lockdown periods, and a consumer preference for larger packages and healthier soft drinks helped the category to grow, although concerns regarding sustainability were a hindrance to sales of bottled water. Regarding specific categories, flavoured and functional bottled water have seen the fastest growth, with a range of new products being developed.

Euromonitor International's Bottled Water in Western Europe global briefing offers an insight into to the size and shape of the Soft Drinks market, highlights buzz topics, emerging geographies, categories and trends as well as pressing industry issues and white spaces.
