Abstracts

Emerging Asia Pacific saw the highest growth of licensed toys with a 12% increase in 2017. The growth comes as major global brands continue to reach new parts of the region due to the rapid proliferation of smartphones. At the same time, however, local licenses continue to see higher investment and toy demand, creating a greater atmosphere of competition that is only likely to grow through to 2022.

Strategy Briefings offer unique insight into emerging trends world-wide. Aimed squarely at strategists and planners, they draw on Euromonitor International's vast information resources to give top line insight across markets and within consumer segments. Written by some of our most experienced analysts, they are designed as provocations for senior management to use in their own forum, allowing them to stand back and reflect on the behaviour and motivation driving global markets today and tomorrow

Product coverage:

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
