Abstracts

Latin America has great potential for investment, yet still faces severe issues with government instability, widespread corruption and terrorism. The region also has high tax rates deterring potential investment, however, continues improving systems to make paying taxes less costly and time-consuming. In some countries, unemployment rates are soaring and with reported skill shortages, governments are pushed to invest into education.

Strategy Briefings offer unique insight into emerging trends world-wide. Aimed squarely at strategists and planners, they draw on Euromonitor International's vast information resources to give top line insight across markets and within consumer segments. Written by some of our most experienced analysts, they are designed as provocations for senior management to use in their own forum, allowing them to stand back and reflect on the behaviour and motivation driving global markets today and tomorrow

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
