Abstracts

Industry's growth sharply appreciated in 2018, thanks to the recovering and changing economic environment in Saudi Arabia. Both public and private sectors spent more on business services, as they benefited from a surge in global oil prices during the year. In addition, the country's government was implementing sweeping economic transformation initiatives such as "Saudi Vision 2030" to shift the economy away from oil. This resulted in expansion of the non-oil sector and emergence of new business...
