

Butter and Margarine in Greece

<https://marketpublishers.com/r/B67CAD514B3EN.html>

Date: August 2017

Pages: 33

Price: US\$ 990.00 (Single User License)

ID: B67CAD514B3EN

Abstracts

Health and wellness trends shape consumption patterns, with butter growing at the expense of margarine, and a shift towards reduced fat and organic products. Overall products with health and wellness claims continued to perform well and gained share within the category. Within butter products those from cow's milk were the best performers while soft butter outperformed hard, which highlighted that the key driver for butter's performance is its use as a spread rather than for cooking/baking.

Euromonitor International's Butter and Margarine in Greece report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2012-2016, allowing you to identify the sectors driving growth. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market - be they new product developments, distribution or pricing issues. Forecasts to 2021 illustrate how the market is set to change.

Product coverage: Butter, Cooking Fats, Margarine and Spreads.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
