## Abstracts

Rising awareness of the benefits of butter and margarine helped to category to remain stable in both retail current value and volume terms in 2017. The importance of consuming “good” fats has been neglected for a long time in Poland, with this only recently having changed following the introduction of several margarine products with additional properties. On the other hand, less healthy products such as cooking fats saw a decline in sales due to their negative perception. Moreover, the poor perf...
