Abstracts

Butter and margarine increased by 4% in current value terms in 2017, which was thanks to strong current value growth of 5% for butter. Previously, South Korean consumers were not so familiar with using butter for cooking at home, with butter and margarine posting value sales of only KRW19.9 billion in current terms in 2011; however, the category began to perform strongly after TV cooking shows created strong interest during the review period. Famous chefs or celebrities introduced their recipes...

Euromonitor International's Butter and Margarine in South Korea report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2012-2016, allowing you to identify the sectors driving growth. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market - be they new product developments, distribution or pricing issues.
