Abstracts

In mid-2014 DAK Americas Argentina SA announced the acquisition of Cabelma PET, the PET recycling division of Cabelma SA. The recycled PET is an essential beverage industry input and the Cabelma plant is the only one in the country able to recycle plastic into food containers again. DAK has plans to double its production capacity in the short term to increase the supply of recycled PET to leading companies, such as Coca-Cola Argentina SA and Aguas Danone de Argentina SA.
