Abstracts

Drinking yoghurt is a key growth-driving category for dairy sales in Asia Pacific. The product's popularity is based on meeting demand for healthy snacks, and is fuelled by wide distribution, particularly through direct selling. While Yakult remains the largest drinking yoghurt brand, thanks to its probiotic positioning and its direct selling reach across Asia, it is challenged by shelf-stable brands, which dominate in China, and may become the next growth driver in other emerging markets.

Euromonitor International's Can Drinking Yoghurt Remain a Growth Driver For Dairy in Asia Pacific? global briefing offers an insight into to the size and shape of the Packaged Food market, highlights buzz topics, emerging geographies, categories and trends and identifies the leading companies and brands. It also offers strategic analysis on driving packaged food industry trends like health and wellness, premiumisation, convenience and value-for-money and how those trends influence factors like new product developments, packaging innovations, retail distribution and retail pricing both historically and into the future.

Product coverage: Baby Food, Baked Goods, Breakfast Cereals, Confectionery, Dairy, Edible Oils, Ice Cream and Frozen Desserts, Processed Fruit and Vegetables, Processed Meat and Seafood, Ready Meals, Rice, Pasta and Noodles, Sauces, Dressings and Condiments, Savoury Snacks, Soup, Spreads, Sweet Biscuits, Snack Bars and Fruit Snacks.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
