Abstracts

Beauty and personal care is a lucrative market for cannabis-derived products, with North America at the centre of booming demand. Its central narrative of functional wellness makes it a long-lasting trend. However, significant challenges of regulations, marketing, safety, market entry timing, and consumer education are intertwined and may hinder growth. The segment will become more sophisticated as it gets transformed by hemp, an emerging body of research, and beauty-adjacent industries.

...

Euromonitor International's Cannabis in Beauty and Personal Care: Prospects, Opportunities and Challenges global briefing offers an insight into to the size and shape of the Beauty and Personal Care market and highlights buzz topics, emerging geographies, categories and trends as well as pressing industry issues and white spaces.
