Abstracts

As cat ownership is enjoying faster growth than other pets in Peruvian households, consumers are eager to have a wider variety of products from which to choose. For many years companies were focused on developing dog food as they had a larger consumer base and dog owners were willing to try new products. Moreover, the fact that cats are considered more demanding in what they eat and somehow difficult to please also limited the product offering in cat food.

Euromonitor International's Cat Food in Peru report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2018-2022, allowing you to identify the sectors driving growth. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market - be they new product developments, distribution or pricing issues. Forecasts to 2027 illustrate how the market is set to change.

Product coverage: Cat Treats and Mixers, Dry Cat Food, Wet Cat Food.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
