Date: April 2019

Pages: 18

Price: US\$ 660.00 (Single User License)

ID: C804EDEA36DEN

Abstracts

The industry's growth in 2018 was primarily sustained by rising Indonesian demand for products such as basic chemicals, plastic in primary forms materials and synthetic rubber. Demand was boosted by the expanding Indonesian economy and subsequent higher output of manufactured goods. These trends were greatly spurred by major recent improvements in ease of doing business in Indonesia, as well as growing public infrastructure investments and rising prices of the main locally-made commodities such...

Euromonitor International's Industrial reports provide a 360 degree view of an industry. The Industrial market report offers a comprehensive guide to the size and shape of the Chemical Products market at a national level. It provides the latest retail sales data, allowing you to identify the sectors driving growth. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market - be they new product developments, packaging innovations, economic/lifestyle influences, distribution or pricing issues. Forecasts illustrate how the market is set to change.
