Abstracts

Fine cut tobacco continued to account for considerable value sales in 2022, and unlike cigarettes, registered a healthy volume increase. Part of the reason for the growth was with inflation on the rise, consumers opted to roll their own cigarettes with fine cut tobacco, which is more economical than buying cigarettes. An increasing array of flavours within fine cut tobacco also contributed to growth.

Euromonitor International's Cigars, Cigarillos and Smoking Tobacco in Uruguay report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2018-2022, allowing you to identify the sectors driving growth.
