Abstracts

In 2021, coffee performed slightly better than in 2020, recording positive growth in retail current value terms mainly due to rising unit prices and changing preferences among local consumers. Instant coffee mixes recorded highest retail volume and current value growth in 2021. The convenience trend is the main reason why instant coffee mixes is outperforming all other product areas within coffee. Nonetheless, fresh ground coffee remains the largest product area in absolute retail volume and cur...
