Abstracts

The traditional toy market faced significant headwinds in 2017, but one bright spot in global growth was collectables, with products such as LOL Surprise! having a major impact on sales. The growth of collectables is being spurred by various factors, such as social media and a growing adult market for toys. Like any toy trend collectables will likely see its influence wane, but with the right adjustments and new product introductions they may be able to influence the toy market for some time.

Euromonitor International's Collectables: A Toys and Games Core Growth Driver global briefing offers a comprehensive guide to the Toys and Games market at an international level. It looks at both global and regional level performances as well as providing category and channel analysis. It identifies the leading companies and offers strategic analysis of key factors influencing the industry, new product developments as well as future trends and prospects.

Product coverage: Traditional Toys and Games, Video Games.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
