Abstracts

With flexible packaging maintaining its dominant position in confectionery packaging, it has therefore been growing at very similar rates to confectionery as a whole in 2020, 2021 and 2022, with healthy growth rates in the first two years and declining sales in 2022. Flexible plastic will remain the dominant pack type in confectionery, being widely used in gum, sugar confectionery and chocolate confectionery.

Euromonitor International's Confectionery Packaging in Germany report offers insight into key trends and developments driving packaging across the category. The report also examines trends and prospect for various pack types and closures: metal packaging, rigid plastic, glass, liquid cartons, paper-based containers; flexible packaging.

Product coverage: Chocolate Confectionery, Gum, Sugar Confectionery.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
