Abstracts

The consumer appliances market in France witnessed decline in 2023, as it was negatively impacted by a combination of factors. Rising inflation on food products and other goods, along with increased energy prices and a slowdown in the real estate market due to rising interest rates, had a significant impact on consumer spending and the French economy in general. These challenges led consumers to adopt a cautious approach to spending, resulting in a 'wait and see' attitude towards their appliance...

Euromonitor International's Consumer Appliances in France report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2018-2022, allowing you to identify the sectors driving growth. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market – be they new product developments, format trends or distribution issues. Forecasts to 2027 illustrate how the market is set to change.

Product coverage: Major Appliances, Small Appliances.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.

Why buy this report?

Get a detailed picture of the Consumer Appliances market;

Pinpoint growth sectors and identify factors driving change;

Understand the competitive environment, the market's major players and leading brands;

Use five-year forecasts to assess how the market is predicted to develop.

Euromonitor International has over 40 years' experience of publishing market research reports, business reference books and online information systems. With offices in London, Chicago, Singapore, Shanghai, Vilnius, Dubai, Cape Town, Santiago, Sydney, Tokyo and Bangalore and a network of over 800 analysts worldwide, Euromonitor International has a unique capability to develop reliable information resources to help drive informed strategic planning.
