## Abstracts

The consumer appliances market in Sweden saw volume sales fall in 2023, following higher demand during the COVID-19 crisis when consumer spending was much more focused on the domestic environment. While the decline in volume sales seen in 2023 was in part due to normalisation after growth during the pandemic, it was also influenced by the challenging economic environment at the end of the review period. Consumer appliances are typically purchased on credit or savings and higher interest rates an...
