Abstracts

The government's ability to resolve severe economic distortions will continue to deteriorate because of the weakening of public institutions and the strong influence of political criteria over economic measures. In this context, companies will continue to adapt to changing regulations and high levels of uncertainty. As a result, players are likely to be negatively affected as they lack the financial and managerial resources to cope with the government's demands. A low rate of innovation, weak ma...

Euromonitor International's Consumer Electronics in Venezuela report offers a comprehensive guide to the size and shape of the in-home, portable and in-car consumer electronics products markets at a national level. It provides the latest retail sales data, allowing you to identify the sectors driving growth. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market- be they new product developments, distribution or pricing issues. Forecasts illustrate how the market is set to change.

Product coverage: Computers and Peripherals, Digital Cameras by Type, In-Car Entertainment, In-Home Consumer Electronics, Portable Consumer Electronics, Tablets by OS.
