Abstracts

Card and electronic consumer payments continued to grow globally in 2019, at the expense of cash. Wider adoption of financial products and services across every region is fuelling this transition. Fintech has provided more inclusive financial products and services in emerging markets, and created additional value for card payments in developed markets. Asia Pacific is expected to account for the majority of forecast growth in consumer card payment value.

...

Euromonitor International's Consumer Finance Global Industry Overview global briefing offers insight into the size and shape of the Consumer Finance market, highlights buzz topics, emerging geographies, categories and trends as well as pressing industry issues and white spaces.
