Abstracts

Consumer health in Belgium continues to see steady growth in current value terms in 2023, albeit at a slightly slower pace than in the previous year. Among the most dynamic categories are analgesics, sleep aids (driven by high stress levels among the population), motion sickness remedies (due to the recovery of travel and tourism), sports nutrition and cough, cold and allergy (hay fever) remedies. The latter has benefited from the continuous impact of seasonal respiratory ailments that were part...
