Abstracts

Consumer health in France continues to experience growth in 2023. Due to the pandemic, consumers' immune systems have been negatively impacted. The French healthcare system remains weak and 2022 and 2023 have faced multiple challenges, including a shortage of doctors and specialised healthcare professionals and practitioners, leading French consumers to seek advice from pharmacists. This has positively affected the OTC market. Local pharmacists have become essential as trust in them continues to...

Euromonitor International's Consumer Health in France report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2018-2022, allowing you to identify the sectors driving growth. Forecasts to 2027 illustrate how the market is set to change.

Product coverage: Allergy Care, Herbal/Traditional Products, OTC, Paediatric Consumer Health, Sports Nutrition, Vitamins and Dietary Supplements, Weight Management and Wellbeing.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.

Why buy this report?

Get a detailed picture of the Consumer Health market;

Pinpoint growth sectors and identify factors driving change;

Understand the competitive environment, the market's major players and leading brands;

Use five-year forecasts to assess how the market is predicted to develop.

Euromonitor International has over 40 years' experience of publishing market research reports, business reference books and online information systems.
