Abstracts

Rising health awareness amongst consumers in India is set to lead to double-digit current value growth in consumer health in 2023. In the wake of the pandemic, people have undergone a transformative shift in their priorities, emphasising health and wellness. This shift in mindset has led to a notable upsurge in the adoption of health-related products, with a particular focus on vitamins and dietary supplements. Dietary supplements in particular has been experiencing particularly high growth, as...

Euromonitor International's Consumer Health in India report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2018-2022, allowing you to identify the sectors driving growth. Forecasts to 2027 illustrate how the market is set to change.

Product coverage: Allergy Care, Herbal/Traditional Products, OTC, Paediatric Consumer Health, Sports Nutrition, Vitamins and Dietary Supplements, Weight Management and Wellbeing.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
