Abstracts

Consumer health is registering healthy growth rates in Oman in 2023. Growth is being driven by the increasing presence of OTC brands, increasing consumer awareness, an expanding population and an increase in self-medication. Easing inflationary pressures are also having a positive impact on the category with higher purchasing power boosting demand, including in categories of a less essential nature, such as weight management and wellbeing.

Euromonitor International's Consumer Health in Oman report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2018-2022, allowing you to identify the sectors driving growth. Forecasts to 2027 illustrate how the market is set to change.
