Abstracts

Foreign exchange controls, currency quotas and price controls enacted by the Venezuelan government have resulted in severe shortages of food and medicines. During the years of abundant financial resources, Venezuelans were willing to live within the limits imposed by the government, but now the country has compromised future revenues from oil exports. As a result, the value of the domestic currency has plunged dramatically in the first semester of 2018; with import restrictions and hyperinflation...

Euromonitor International's Consumer Health in Venezuela report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2014-2018, allowing you to identify the sectors driving growth. Forecasts to 2023 illustrate how the market is set to change.

Product coverage: Allergy Care, Herbal/Traditional Products, OTC, Paediatric Consumer Health, Sports Nutrition, Vitamins and Dietary Supplements, Weight Management and Wellbeing.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.

Why buy this report?

Get a detailed picture of the Consumer Health market;

Pinpoint growth sectors and identify factors driving change;

Understand the competitive environment, the market's major players and leading brands;

Use five-year forecasts to assess how the market is predicted to develop.

Euromonitor International has over 40 years' experience of publishing market research reports, business reference books and online information systems. With offices in London, Chicago, Singapore, Shanghai, Vilnius, Dubai, Cape Town, Santiago, Sydney, Tokyo and Bangalore and a network of over 800 analysts worldwide, Euromonitor International has a unique capability to develop reliable information resources to help drive informed strategic planning.
