## Abstracts

This report visually explores everyday habits and behaviours which reflect consumers' beliefs and values, linking behavioural trends with purchase and consumption habits.

Euromonitor's Consumer Values and Behaviour in Malaysia report analyses factors influencing national consumer expenditure. Consumer lifestyles reports include coverage of: population, urban development, home ownership, household profiles, labour, income, consumer and family expenditure, health, education, eating habits, drinking habits, shopping habits, personal grooming, clothing, leisure habits, savings and investments, media, communication, transport and travel and tourism. Use this report to understand the factors influencing a nation's lifestyle choices.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
