Abstracts

This report visually explores everyday habits and behaviours which reflect consumers' beliefs and values, linking behavioural trends with purchase and consumption habits.

Euromonitor's Consumer Values and Behaviour in New Zealand report analyses factors influencing national consumer expenditure. Consumer lifestyles reports include coverage of: population, urban development, home ownership, household profiles, labour, income, consumer and family expenditure, health, education, eating habits, drinking habits, shopping habits, personal grooming, clothing, leisure habits, savings and investments, media, communication, transport and travel and tourism. Use this report to understand the factors influencing a nation's lifestyle choices.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.

Why buy this report?

- Get a detailed picture of the Consumer Values market;

- Pinpoint growth sectors and identify factors driving change;

- Understand the competitive environment, the market's major players and leading brands;

- Use five-year forecasts to assess how the market is predicted to develop.
