Abstracts

In 2023, gross lending in the primary category of other personal lending is experiencing a slowdown in growth due to inflation and reduced disposable incomes. Rising prices, coupled with stagnant salaries, have instilled a sense of insecurity in consumers, making them hesitant to spend or consume, unsure of their ability to repay loans. The increase in interest rates and a more conservative approach from banks, driven by inflation, further contributes to this trend.

Euromonitor International's Consumer Credit in Greece report establishes the size and structure of the market for ATMs cards, smart cards, credit cards, debit cards, charge cards, pre-paid cards and store cards. It looks at key players in the market (issuers and operators), number of cards in circulation, numbers transactions and value of transactions. It offers strategic analysis of sector forecasts and trends to watch.

Product coverage: Auto Lending, Card Lending, Durables Lending, Education Lending, Home Lending, Other Personal Lending.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
