Abstracts

Auto lending is showing stronger growth in 2022 following two years of decline during the COVID-19 pandemic. Nevertheless, whilst new car sales are recovering in 2022, overall car sales are still below 2019 levels, depressing the need for auto lending and putting downward pressure on gross lending. Car sales are hindered by supply issues as metals and electronic parts are unavailable or delayed, whilst delivery times for new cars have increased in length and the supply of second-hand cars has re...
