Abstracts

Retail sales of contact lenses and solutions saw healthy growth in constant value terms in 2023, continuing the trend of the previous year. This was due to the normalisation of consumer lifestyles, as pandemic-related restrictions were increasingly relaxed. With Indonesians spending more time socialising outside the home, this fuelled demand for contact lenses and solutions, as they paid more attention to their appearance. Moreover, consumers were less concerned over being infected with COVID-19...
