Abstracts

Contact lenses continues to register positive current value growth in 2016, driven by a shift towards more sophisticated products. Manufacturers are promoting solutions to common eyesight problems that are the result of an ageing Dutch population and increased exposure to electronic screens. Manufacturers are offering the latest technology to ensure more comfort in use. They are also investing in communicating the functional benefits of their products with the aim of further increasing the use o...

Euromonitor International's Contact Lenses in Netherlands report offers a comprehensive guide to the size and shape of the market at a national level.
