## Abstracts

While there was double-digit current value growth in convenience retail, constant value sales growth was much more moderate, as continuing soaring inflation hit consumer purchasing power. That being said, convenience stores performed well in 2022, with further openings. Consumers in 2022 were less likely to make bulk purchases, due to the higher spend and preferred to shop at smaller stores, located in residential areas. This also meant that consumers did have to pay travel costs, as they would
